TESLA

Summer Internship Program

Organization Name: Tesla, Inc.

Location: 1339 South Park Avenue, Buffalo, NY 14220

Website: tesla.com

About Tesla:

Tesla is accelerating the world's transition to sustainable energy. We design, manufacture, sell and service the world's best solar technology, energy storage systems, and electric vehicles, providing customers the opportunity to generate, store and consume energy entirely sustainably.

Tesla is committed to hiring and developing top talent from around the world for any given discipline. Based in California, Tesla's workforce spans across four continents. We work to build an inclusive environment in which all people, regardless of gender, race, religion, or background, can come to do their best work.

Our world-class teams operate with a non-conventional philosophy of inter-disciplinary collaboration. Each member of the team is expected to challenge and to be challenged, to create, and to innovate. We're tackling the world's most difficult and important problems—and we wouldn't succeed without our shared passion for making the world a better place.

The Internship:

The University Recruiting Team is driven by the passion to recognize emerging talent. Our year around program places the best students in positions that they will grow both technically and personally through their experience working closely with their Manager, Mentor, and team. We are dedicated to providing an experience that allows for the intern to experience life at Tesla by given them projects that are critical to their team's success.

Instead of going on coffee runs and making copies, you'll be seated at the table making critical decisions that will influence not only your team, but the overall achievement of Tesla's mission.

Tesla has many possibilities and internships can be added. Internships can include:

Engineering
Human Resources
Diversity, Equity, and Inclusion

Safety
Recruiting
Business Partnerships

Kiara Roberts

Tesla is an Equal Opportunity / Affirmative Action employer committed to diversity in the workplace. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, age, national origin, disability, protected veteran status, gender identity or any other factor protected by applicable federal, state or local laws.

Tesla is committed to working with and providing reasonable accommodations to individuals with disabilities. If you need a reasonable accommodation because of a disability for any part of the employment process, please call 510-602-3960 or send an e-mail to accommodationrequest@tesla.com and let us know the nature of your request and your contact information.

SAY YES BUFFALO INTERNSHIP OPPORTUNITY SUBMISSION FORM

To Apply:

Submit resume to buffalointernships@sayyesbuffalo.org.

We advise going to your Career Center prior to sending in your resume for review.

The Internship & Career Pathways Program is downsizing and **editing services will be limited** moving forward.

Once your materials are approved [click here](#) and fill out the application online.

Please note: Internships are competitive and not every scholar will receive an interview. If you are selected for an interview, the employer will contact you directly.

Other internships are being offered in different locations as well and Tesla does provide assistance with a relocation stipend.

In most locations
